

A revision was made to update the citation to the 2023 workshop paper by Veronese, C., Meli, D., Bistaffa, F., Rodríguez Soto, M., Farinelli, A., & Rodríguez-Aguilar, J.

The citation now includes the correct name of the workshop, volume and pages as follows:

Veronese, C., Meli, D., Bistaffa, F., Rodríguez Soto, M., Farinelli, A., & Rodríguez-Aguilar, J. A. 2023. Inductive Logic Programming For Transparent Alignment With Multiple Moral Values. CEUR Workshop Proceedings. 2nd Workshop on Bias, Ethical AI, Explainability and the Role of Logic and Logic Programming, BEWARE 2023. Volume 3615, Pages 84 - 88
